

Film Studies Center

The Film Studies Center (FSC) serves as the support facility and research center for the Department of Cinema and Media Studies at the University of Chicago. In addition to providing curricular and other support for faculty and students, the Film Studies Center hosts an array of public events programming: archival film screenings, conferences and symposia, workshops, and programs with visiting artists and film scholars.

FSC is a program partner for *Toward Common Cause*, hosting a film program as part of the multi-day conference Relational Futures: A Symposium for Indigenous Land, Water, and Environment.
